> *"This new property is top quality. The views are lovely. The suites are excellent. The food is first class. But clearly the most extraordinary feature is the entire staff. I have never felt so welcomed and appreciated during any other stay anywhere in the world. The staff cares in a way that one only hopes for and never really believes could happen. They were astonishingly extraordinary. This was a fantastic stay!*

THE IMPORTANCE OF SUSTAINABLE TOURISM AT LEOPARD SANDS KRUGER PARK

Leopard Sands Kruger Park was founded with a deep commitment to conservation, community, and sustainability. Our story began on community-owned land that was once under threat from deforestation, as local families were forced to cut down trees for firewood to survive. Through timely intervention and a shared vision for the future, this land was rescued, preserving the last stands of indigenous forest and providing a safe haven for countless bird species that rely on wild fruits to sustain their populations.

Situated along the fence line of the Sabie River, Leopard Sands Kruger Park plays a vital role in protecting this precious ecosystem. Our location allows us to provide 24-hour security support to the Kruger National Park, helping to deter poaching and illegal fishing along this stretch of land. In close partnership with SANParks, we actively patrol the riverbanks daily, ensuring that wildlife and natural habitats remain protected for future generations.

At the heart of our operation lies the **Belfast Trust village**, home to the local community whose wellbeing and empowerment are integral to our mission. We are proud to employ, train, and uplift individuals from this community, offering meaningful career opportunities that allow families to thrive while becoming passionate custodians of the land. This mutual commitment has fostered awareness and pride in conservation efforts, helping to strengthen the protection of the park and its borders.

Our collaboration with the **SANParks Honorary Rangers** further extends our conservation impact. Through contributions of time, resources, and funding, we assist their tireless efforts in preserving the delicate balance of the Kruger ecosystem.

At Leopard Sands, we believe that true conservation means **enjoying nature while leaving it undisturbed**, taking only photographs and leaving only footprints. The Kruger National Park spans over 2.2 million hectares and features a well-developed network of tar and gravel roads designed to minimize environmental impact. We strongly encourage all guests to remain on these designated roads during safaris.

Driving off-road, though tempting for a closer look at wildlife, causes long-term damage to the environment. Off-roading destroys grazing areas, termite mounds, owl burrows, and habitats of countless small creatures. Repeated vehicle tracks lead to soil erosion, invasive plant growth, and irreversible harm to the natural landscape. By respecting the established routes, we preserve both the integrity of the ecosystem and the authenticity of wildlife behaviour, ensuring that each sighting remains a genuine encounter with nature at its most natural.

Sustainable tourism is not just a philosophy at Leopard Sands Kruger Park, it is the foundation of everything we do. Together with our guests, our community, and our conservation partners, we are working to protect this extraordinary wilderness so that generations to come can experience the magic of the Kruger in its purest form.

Best Regards
Van Heerden Haasbroek

DINE WITH US IN LUXURY
FORMAL INDOOR RESTAURANT
All-day dining with magnificent views of the Kruger National Park. Our restaurant is open for breakfast, lunch and dinner daily, inviting you to enjoy local rustic meals. *All meals are included.*

TRADITIONAL OUTDOOR BOMA DINING EXPERIENCE
Experience the vibrant culture of Africa at The Boma – Dinner and Drum Show. Set in an open area under the African skies, this lively dining experience features a traditional dance performance and entertainment provided by residents from the local village. The Boma dinner takes place every Wednesday and Saturday, offering guests an unforgettable evening filled with music, dance, and delicious African cuisine.

A TASTE OF LOCAL TRADITION
At Leopard Sands Kruger Park, our food is inspired by the seasons, local produce and our rich cultural heritage. These elements allow us to offer seasonal, daily rotational menus that celebrate the best ingredients each time of year has to offer.

By incorporating our culture into every dish, our chefs introduce guests to authentic local tastes, flavours, and textures. This approach not only showcases the diversity of our cuisine but also gives us the opportunity to engage with our guests and share the stories of our ancestors.

Our culinary team designs daily menus that rotate with the seasons, ensuring that every meal is fresh, creative and rooted in the natural rhythm of the land. We source much of our produce from local farms, supporting nearby communities while bringing the freshest ingredients to your plate.

One of the highlights of dining at Leopard Sands is our Boma Evenings, also known as Braai Nights. These special gatherings bring guests together around a warm fire to experience the true taste of Africa. Local youth choirs and bands—part of community projects that help keep children in school and off the streets—perform vibrant music and dance under the stars. We are proud to have already employed several of these talented young people at our lodge.

During Boma Evenings, guests can sample traditional dishes prepared over sustainably sourced wood fires, interact with our chefs, and even join the dancers for a few new moves. It's an authentic, environmentally responsible, and unforgettable dining experience - one that celebrates the spirit of Africa in every bite.
